**SPECIFICATION FOR CANNED WEANING FOODS**

**FOREWORD**

This standard was finalized by the Sectoral Committee on Agriculture and Food Technology - 1 and was authorized for adoption and publication as a Sri Lanka Standard by the Council of the Sri Lanka Standards Institution on 95-04-27.

Guidelines for the determination of compliance of a lot with the requirements of this standard based on statistical sampling and inspection are given in Appendix A.

During the formulation of this specification due consideration has been given to the relevant provisions made under the Sri Lanka Food Act No. 26 of 1980. Specific requirements given in this specification, wherever applicable, are in accordance with the relevant regulations. However, general provisions made under the Sri Lanka Food Act have not been included in this specification and therefore, the attention of the user of this specification is drawn to the general provisions made in the regulations framed under the Food Act.

For the purpose of deciding whether a particular requirement of this specification is complied with, the final value, observed or calculated, expressing the result of a test or an analysis shall be rounded off in accordance with **CS 102**. The number of significant places retained in the rounded off value shall be the same as that of the specified value in this specification.

In the preparation of this specification, the valuable assistance derived from the following publication is gratefully acknowledged:

CODEX STAN 73 – 1981 Canned baby foods.

Model Food Regulations of National Health and Medical Research Council, Australia.

**1 SCOPE**

1.1 This specification prescribes the requirements and methods of test for canned weaning foods.

1.2 This specification does not include products covered by SLS 651 Infant Formulae or SLS 1036 Cereal based food supplement for infants and children.
