**Sri Lanka Standard  
NANOTECHNOLOGIES- VOCABULARY-  
PART 2: CORE TERMS**

**NATIONAL FOREWORD**

This standard was approved by the National Mirror Committee on Nanotechnology and authorized for adoption and publication as a Sri Lanka Standard by the Council of the Sri Lanka Standards Institution on 2012.01.22.

This Sri Lanka Standard is identical with **ISO/TS 80004-1:2010** Nanotechnologies-Vocabulary- Part 2: Core terms, published by the International Organization for Standardization (ISO).

**TERMINOLOGY AND CONVENTIONS**

The text of the International Standard has been accepted as suitable for publication, without any deviation as a Sri Lanka Standard. However, certain terminology and conventions are not identical with those used in Sri Lanka Standards. Attention is therefore drawn to the following:

- a) Wherever the words “International Standard” appear referring to this standard they should be interpreted as “Sri Lanka Standard”.
- b) The comma has been used throughout as a decimal marker. In Sri Lanka Standards, it is the current practice to use a full point on the baseline as the decimal marker.

Wherever page numbers are quoted, they are “ISO” page numbers.

**CROSS REFERENCES**

Corresponding Sri Lanka standards for International Standards listed under references in **ISO/TS 80004-1:2010** are not available.
