**SRI LANKA STANDARD
SPECIFICATION FOR BOWLS FOR ALMS MADE OF MILD STEEL
FOR BUDDHIST CLERGY**

FOREWORD

This Sri Lanka Standard was approved by the Sectoral Committee on Chemicals and Polymer Technology and was authorized for adoption and publication as a Sri Lanka Standard by the Council of Sri Lanka Standards Institution on 2007-04-26.

Bowls for alms is one of the eight items included in the Atapirikara recommended by Lord Buddha for the use of Buddhist Clergy.

All standard values of this specification are indicated in SI units. For the purpose of deciding whether a particular requirement of this specification is complied with, the final value, observed or calculated, expressing the result of a test or an analysis shall be rounded off in accordance with **CS 102**. The number of significant places retained in the rounded off value shall be the same as that of the specified value in this specification.

1 SCOPE

This specification prescribes the requirements, methods of sampling and test for bowls for alms made of mild steel for Buddhist clergy.
