SRI LANKA STANDARD
SPECIFICATION FOR PLAIN METAL WASHERS

PART 1 : SMALL SERIES - PRODUCT GRADE A

FOREWORD

This standard was authorized for adoption and publication as a Sri Lanka Standard by the Council of the Sri Lanka Standards Institution on 91-10-29 , after it had been approved by the Mechanical Engineering Divisional Committee.

This standard consisting of the following parts supersedes
SLS 238 : 1973 :

Specification for Plain Metal Washers

- Part 1 Small series - Product Grade A
- Part 2 Normal series - Product Grade A
- Part 3 Normal series - Product Grade C
- Part 4 Chamfered - Normal series-Product Grade A
- Part 5 Large series - Product Grades A and C
- Part 6 Extra Large series - Product Grade C
- Part 7 Sampling

For the purpose of deciding whether a particular requirement of this standard is complied with, the final value, observed or calculated, expressing the result of a test or an observation shall be rounded off in accordance with **CS 102**. The number of figures to be retained in the rounded off value shall be the same as that of the specified value in this standard.

The Sri Lanka Standards Institution gratefully acknowledges the use of relevant publications of the International Organization for Standardization (ISO) in the preparation of this standard.

1 SCOPE

This part of the standard lays down class, designation, material, dimensions, marking and sampling for small series plain metal washers of product grade A.
