SRI LANKA STANDARDS INSTITUTION

Sri Lanka Standard
SPECIFICATION FOR ZINC PHOSPHATE
PIGMENTS FOR PAINTS

NATIONAL FOREWORD

This Standard was approved by the Sectoral Committee on Polymers and Polymer Products and was authorized for adoption and publication as a Sri Lanka Standard by the Council of the Sri Lanka Standards Institution on 1996-10-17.

This standard is identical with ISO 6745 : 1990 Zinc phosphate pigments for paints - Specifications and methods of test, published by the International Organization for Standardization (ISO).

The text of the International Standard has been accepted as suitable for publication, without deviation, as a Sri Lanka Standard. However, certain terminology and conventions are not identical with those used in Sri Lanka Standards, attention is therefore drawn to the following:

- a) Wherever the words "International Standard/publication" appear, referring to this standard, they should be interpreted as "Sri Lanka Standard".
- b) The comma has been used throughout as a decimal marker. In Sri Lanka Standards it is the current practice to use a full point on the baseline as the decimal marker.

Wherever page numbers are quoted, they are ISO page numbers.
