**Sri Lanka Standard**  
**SPECIFICATION FOR BAKERY FATS**

**FOREWORD**

This standard was approved by the Sectoral Committee on Agriculture and Food Technology - 1 and was authorized for adoption and publication as a Sri Lanka Standard by the Council of the Sri Lanka Standards Institution on 1995-11-23.

This standard covers the requirements for fat which is used in the bakery industry.

During the formulation of this specification due consideration has been given to the relevant provisions made under the Sri Lanka Food Act No. 26 of 1980. Specific requirements given in this specification, wherever applicable are in accordance with the relevant regulations. However, general provisions made under the Sri Lanka Food Act, have not been included in this specification and therefore, the attention of the user of this specification is drawn to these general provisions.

Guidelines for the determination of a compliance of a lot with the requirements of this standard based on statistical sampling and inspection are given in Appendix A.

For the purpose of deciding whether a particular requirement of this standard is complied with, the final value, observed or calculated, expressing the result of a test or an analysis, shall be rounded off in accordance with **CS 102**. The number of significant figures to be retained in the rounded off value shall be same as that of the specified value in this specification.

In the preparation of this standard, the assistance derived from the following publication is gratefully acknowledged.

IS 10634 : 1986 Indian standard specification for bakery shortening

**1 SCOPE**

This specification prescribes the requirements and the methods of test for bakery fats.
