Sri Lanka Standard
SPECIFICATION FOR CAKES
(First Revision)

FOREWORD

This Sri Lanka Standard was approved by the Sectoral Committee on Food Products and authorized for adoption and publication as a Sri Lanka Standard by the Council of the Sri Lanka Standards Institution on 2019-03-07.

This Standard is first published in 1995. In this first revision, definitions have been revised and new types have been introduced. Ingredients list and the chemical requirements have been revised to cater to the market requirements. Microbiological levels have been amended to safeguard the consumers. Levels for heavy metals have been introduced to ensure the safety from harmful and injurious substances.

This Standard is subject to the restrictions imposed under the Sri Lanka Food Act No. 26 of 1980 and the regulations framed thereunder.

For the purpose of deciding whether a particular requirement of this Standard is complied with the final value, observed or calculated, expressing the result of a test or an analysis shall be rounded off in accordance with **SLS 102**. The number of significant figures to be retained in the rounded off value shall be the same as that of the specified value in this Standard.

In the revision of this Standard, valuable assistance derived from the relevant publications of the Codex Alimentarius Commission and the Bureau of Indian Standards is gratefully acknowledged.

1 SCOPE

This Standard prescribes the requirements and methods of sampling and test for cakes.
